

## National Safety Month

June is National Safety Month!

CCM is committed to the wellness, health, and safety of our employees and has implemented a robust plan to maintain readiness for emergencies year-round. If you would need to respond, we want you to do it successfully, thoughtfully, and professionally.

CCM's Emergency Response Plan covers designated actions to ensure employee safety.

Please review the plan that corresponds with the location you work at and ensure you are familiar with the processes and responsibilities outlined in it.

- [Corporate Emergency Response Plan](#)
  - Provides employee guidance for actions to be taken during emergency incidents at the Corporate Office.
- [Branch Emergency Response Plan](#)
  - Provides employee guidance for actions to be taken during emergency incidents at branch locations.

Promoting safety is a priority and begins with awareness!
